## The Next Generation Lloyd's List Intelligence

Uniquely powerful vessel tracking, characteristics, ownership and incidents data.

At the centre of Lloyd's List Intelligence is our online vessel tracking system, Seasearcher. This gives you access to the transactional and analytical data required to make a measured difference to your business, whether you are trying to increase operational efficiencies, manage risk, or develop new business opportunities.

The new Next Generation platform was launched earlier this year to offer our customers a greatly improved service and some fantastic new features including:

- ▶ A modern, simplified search and mapping interface
- ▶ Streamlined operational workflows and geospatial tools
- ▶ Enhanced visibility of port, terminal and berth activity including new alerting and filtering tools
- ▶ Increased vessel tracking data granularity with improved AIS capabilities
- ▶ Raw data manipulation through Excel downloads

To find out more about Lloyd's List Intelligence services, please email [info@lloydslistintelligence.com](mailto:info@lloydslistintelligence.com), call **+44 (0)207 7017 5392** or visit [info.lloydslistintelligence.com](http://info.lloydslistintelligence.com)

## Welcome to the 2019 edition of the *Lloyd's List Maritime Directory of Shipping Services.*

This latest edition incorporates advertised services from industry leading companies in the fields of Bunker Services, Classification Societies, Consultants and Surveyors, Lawyers and Solicitors, Port Authorities, Ship Builders and Repairers, Stevedores, Ship Chandlers, Shipping Agents, Ship Registries and many more.

The directory is available in this printed format and also online at <http://directories.lloydslist.com/services> This directory will be circulated, seen and continually used as a critical reference point by the vast and influential global readership of Lloyd's List – over 12,000 senior Executives across the shipping industry that have major purchasing power for their businesses.

The Lloyd's List Maritime Directory of Shipping Services sits within a growing portfolio of sister publications such as the monthly Lloyd's List Intelligence magazine and Containerisation International Magazine, as well as an extensive range of digital, events and data services products

For additional copies of this directory and/or more information on advertising opportunities in this directory please contact Sunil Sharma [sunil.sharma@cheersin.com](mailto:sunil.sharma@cheersin.com)

**Engine Deck Repair**, which was formed in the late 90's, started as a small workshop able to provide emergency repairs during cargo operations in the port of Antwerp.

Gradually **EDR** extended its technical service by offering its clients extensive repairs, afloat repairs and conversions on lay-by berths and during navigation. Furthermore, **EDR** even extended its services by introducing its own logistic, warehousing and purchasing department. Due to this success formula we could proudly announce in 2011 that **EDR** became the biggest Shiprepair company in Belgium. Nowadays our company posses the biggest dry dock of Antwerp.

Our dockyard is spread over an area of 365.000 m<sup>2</sup> and provides 6 graving docks and over 2000 running meters of private berths. With our yard's facilities and strong skilled workforce we are able to guarantee an excellent execution of propeller retrofits, bulbous bow repairs and renewals, grounding – and collision damage repairs and much more in no time.

**LOOKING FORWARD TO BECOME YOUR PARTNER OF CHOICE.**

REGIONAL PLAYER WITH GLOBAL VISION

# RIGHT PLACE... AT RIGHT TIME... IN PERFECT CONDITION

One of the leaders of the Kuwaiti marine industry, Al Rashed International Shipping Co., a division of The Al-Rashed Group, a long established trading company founded in 1911 by Late Mr. Abdul Aziz Abdul Mohsin Al-Rashed, from the highly respected Al-Rashed family.

Launched in 1952, it wasn't until 1991 when Kuwait faced the challenge of rebuilding its devastated infrastructure following the depredations of the Iraqi invasion that Al Rashed International Shipping Co. saw the opportunity to diversify and build a much stronger and larger company. Al Rashed International Shipping Co. has since then grown and has established itself as a leader in the maritime industry in Kuwait.
