Lloyd’s List Port Services Guide 2019

This latest edition incorporates advertised services from industry leading companies in the fields of Bunker Services, Classification Societies, Consultants and Surveyors, Lawyers and Solicitors, Port Authorities, Ship Builders and Repairers, Stevedores, Ship Chandlers, Shipping Agents, Ship Registries and much more.

The directory is available in this printed format and also online at http://directories.lloydslist.com/ports/

This directory will be circulated, seen and continually used by the vast international readership of Lloyd’s List – several thousand senior influential Executives in the shipping industry that have major purchasing power for their businesses.

The Lloyd’s List Port Services Guide 2019 sits within a portfolio of sister publications such as the monthly Lloyd’s List Intelligence magazine and Containerisation International Magazine.

For additional copies of this directory and/or more information on advertising opportunities in this directory please contact Natasha.Dwyer@informa.com

Southbond Shipping Agency Ltd (SSAL), incorporated in Mauritius as an operator/management shipping company since the late 1980’s. We consider ourselves among the market leaders, given our experiences and dedicated team to achieve the best possible turn around of your vessels. In doing so we provide top class services based on attention to details, due diligence and timely communication.

The company forms part of a cluster in related maritime activities, spanning from third party management, ship handling, shipchandling, ship agency services, crew change, crew recruitment among others.

Over the years, the company has developed an unparalleled expertise in the field of its activities and our reliability and professionalism have ranked us amongst the best ship agency on the island. We recognize that every activity has its specific needs, which is the reason why we propose to you the expertise in a range of different domain and activities, all of which are backed by competent and professional staff.

Our high quality services include:

- Bunkering co-ordination
- Crew change (immigration formalities/provision of air tickets/local transport/meet and greet at airport)
- Crew medical attendance
- Accommodation services
- Garbage, sludge, bilge disposal arrangement
- Cash to master
- Stevedoring, cargo loading/discharging
- Dry & cold warehousing solutions
- Dry docking and technical surveys
- Provision of crane services-up to 45 mts
- Pilotage and tugs services
- Cleaning and forwarding
- Clearance and delivery of ship spares
- Commercial services, custom brokerage
- Fresh water supply (inside/outside port limit)
- Freight forwarding solutions (air/sea/road/rail)
- Courier services
- Supply boat facilities
- Shipchandling and ship stores supply at quay & anchorage
- Provision of gas free and hot work permit
- Protective agency services and provision of armed security guards
- Cargo, hull and machinery surveys
- In-water survey, under water inspection, cutting/welding, hull cleaning and diving assistance
- Provision of anti piracy security in High Risk Areas.

Lloyd’s List Intelligence

Gain a competitive advantage and minimise risk with best-in-market vessel tracking, ship characteristics and ownership intelligence. Access the maritime data you need to drive your business forward.

We are the only vessel tracking solution that can offer fully accurate and verified port arrivals and departures. We’re able to use a combination of human intelligence and terrestrial and satellite vessel AIS tracking, thanks to our exclusive relationship with the Lloyd’s Agency Network.

Access detailed information on vessel movements, characteristics, ownership, incidents, fleet development and global maritime locations.

You can access our data online, as a direct data feed, a one-off data extract or as part of our consultancy offering. Whether you need on-going access for business operations, or maritime intelligence for a one-off project, we can help.

We also have specialised solutions for those interested in insurance, LNG, tankers, dry bulk, sanctions, casualties and petroleum exports.

To find out more about the full range of Lloyd’s List Intelligence products and services by visit info.lloydslistintelligence.com, call +44 (0)20 7017 5392, or email info@lloydslistintelligence.com. We would be delighted to speak to you about your requirements.

Engine Deck Repair, which was formed in the late 90’s, started as a small workshop able to provide emergency repairs during cargo operations in the port of Antwerp.

Gradually EDR extended its technical service by offering its clients extensive repairs, afloat repairs and conversions on lay-by berths and during navigation. Furthermore, EDR even extended its services by introducing its own logistic, warehousing and purchasing department. Due to this success formula we could proudly announce in 2011 that EDR became the biggest Shiprepair company in Belgium. Nowadays our company posses the biggest dry dock of Antwerp.

Our dockyard is spread over an area of 365,000 m² and provides 6 graving docks and over 2000 running meters of private berths. With our yard’s facilities and strong skilled workforce we are able to guarantee an excellent execution of propeller retrofits, bulbous bow repairs and renewals, grounding - and collision damage repairs and much more in no time.

LOOKING FORWARD TO BECOME YOUR PARTNER OF CHOICE.
